Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

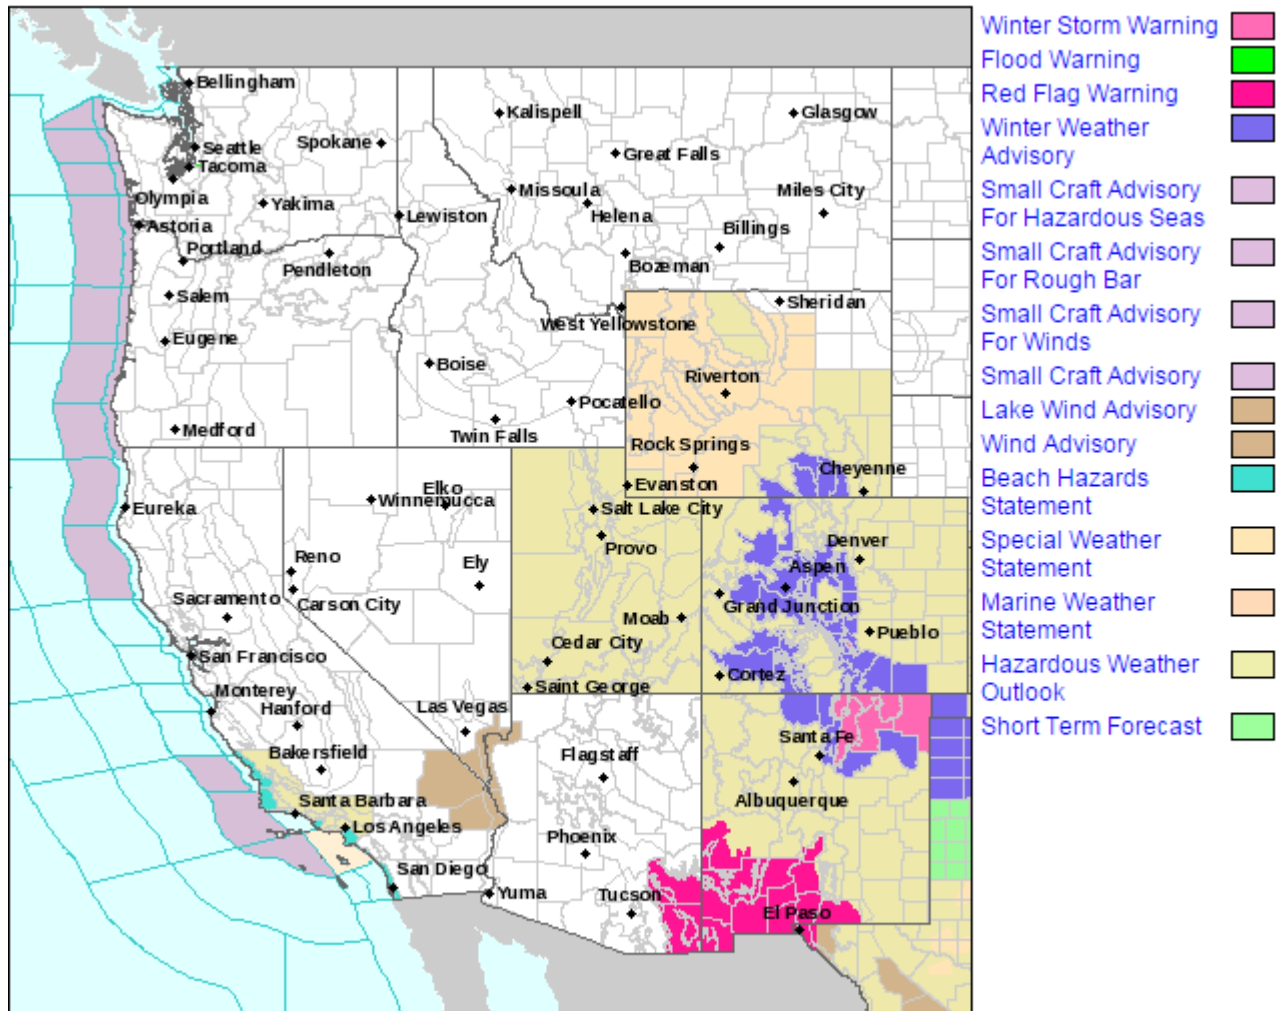

NORTHERN CALIFORNIA

Most of the next 5 days will be dominated by dry high pressure over Northern California with rather warm, dry conditions in place for most areas. Unseasonably warm weather is expected the latter half of the work week with the warmer inland valleys about 10 degrees above seasonal average and the warmest valleys reaching into the mid 70s. Friday night a weakening weather system is expected to move ashore that may bring some rain to the far northwest corner of California, and after a brief break in the wake of that system Saturday, a stronger system may arrive with more widespread rain for later in the day Sunday. Gusty southerly winds may accompany Friday's and Sunday's systems, and snow levels would be relatively high. Confidence in the timing and nature of the weekend events is rather low, however. High pressure and dry conditions appear likely to be in place again early next week for a continuation of a relatively dry spell for Northern California.

SOUTHERN CALIFORNIA

Surface high pressure over Oregon will bring north winds of 15 to 25 mph with gusts to 40 mph to the south coast of Santa Barbara, Grapevine, Owens Valley, and Colorado River through this afternoon. The surface high will move east to Idaho bringing northeast to east winds of 15 to 25 mph with gusts to 40 mph to the mountains and below the canyons and passes of Southern California tonight through Wednesday morning. Winds will become light by Wednesday evening as the surface high weakens. A strong ridge of high pressure aloft currently just off the West Coast will cause temperatures to be 10 to 15 degrees above normal through Friday, with mid 50s to mid 60s across the mountains and mid 70s to mid 80s in the valleys. Minimum humidity will be mainly in the single digits and teens away from the San Joaquin Valley through Friday. A couple of troughs will move inland across the Pacific Northwest this weekend bringing some cooling and a little increase in humidity. However, temperatures will remain above normal and minimum humidity will still be quite low.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on the first Wednesday of each month.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2016-LAW-21430 (Re-opened), 0800 hours, 2/20/2016:** Sacramento Sheriff SAR requested 3 HRD water detection and 3 area search K9 teams with flankers along with 10 type 2/3 ground searchers to meet at 0800 hours to resume the search for a missing 73 y/o male Indian citizen who walked away from his daughter's wedding on Grand Island. Cal OES K9 coordinator secured the K9 resources and El Dorado Sheriff filled the ground searcher request. Cal OES T-Comm unit provided a cache of 25 radios. LDO will be monitoring this search as it has gained media attention and the involvement of the US State Department. **UPDATE AS OF 1800, 02/20/2016:** Search suspended for the evening. Cal OES HRD K9 team alerted on a spot in the water north of Grand Island Mansion. Sac County DART will be responding to dive the area on 02/21 or 02/22/2016. **MISSION ON-GOING**
- **2016-LAW-21584, 1545 hours, 02/20/2016:** El Dorado County SAR requested five HRD K9 teams to search near South Lake Tahoe for a missing 69 y/o female who has been missing for five days. The MP is not in good health. Her vehicle was located at a remote parking area. Teams are to meet at EDSO in South Lake Tahoe at 0800. Cal OES K9 coordinator is arranging for the K9 teams. UPDATE as of 1915 hours, EDSO is requesting Placer County Nordic SAR team to assist with segmented search and probing. LDO is coordinating. Placer County Nordic SAR, Sgt. Hunt was advised and will attempt to fill the request. **MISSION ON-GOING**

CAL OES MISSIONS

Closed Cal OES Missions

- **2016-LAW-21608: 02/21/2016, 1305 HOURS:** IERCC advised of a SPOT device activation near Pine Ridge Trail in Monterey County. LDO coordinated with Monterey County Sheriff Office (MCSO) to respond. MCSO advised that Los Padres Rangers were at a location that plotted less than ¼ mile away for an injured female hiker. LDO and IERCC were unable to reach the male SPOT device owner by phone. His family also had not heard from him, but said that he was camping in Big Sur, but had no additional information. **1340 hours**, MCSO informed LDO they felt it was the same incident. **UPDATE as of 1735**, MCSO advised CHP helicopter was on scene to medivac a female hiker out of the area. MCSO said that none of the responders had contact with the owner of the SPOT device. LDO continued to coordinate with MCSO, Los Padres Rangers, and CHP throughout the day in attempting to locate the owner. AT 2030, CHP advised LDO the female was flown to Natividad Medical Center in Salinas. LDO contacted the Emergency Department and was informed the patient was being admitted but had said that a male hiker used his PLB to call for help. LDO re-contacted MCSO for an update and was informed that deputies had just located the SPOT owner and he was OK. LDO informed family, IERCC and Rangers. **2155 Hours**, SPOT owner and MCSO deputy contacted LDO and confirmed SPOT activation was related to the injured female and that the SPOT owner was safe and back at camp. **MISSION CLOSED**
- **2016-LAW-21602: 02/21/2016, 1220 Hours:** AFRCC advised that Oakland Center received two reports of a radio call of MAYDAY from an unidentified aircraft in the Red Bluff area. AFRCC had no further information and no ELT's were sounding. Shasta and Tehama County Sheriff departments were advised of the call. **1435 Hours** AFRCC advised they were activating a CAP mission to the Santa Rosa airport to locate and silence an ELT. This ELT could have been masking the ELT from a downed aircraft. **1645 hours**, AFRCC advised that CAP had located and silenced the ELT. AFRCC received no additional MAYDAY calls or ELT activations and no overdue aircraft reports. They requested the mission be closed. **MISSION CLOSED**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
